Dear

I am writing with the condolences and solidarity of the ETUC with FZZ at the tragic loss of your President Tadeusz Chwałka.

In addition to being a proud and dedicated Polish worker and trade unionist, he was also a great European, having lead FZZ into the ETUC in 2012 and played a very constructive role in encouraging projects with the ETUC. He mobilised strongly for the ETUC demonstration in Wroclaw in 2011, and only a few weeks ago led the FZZ delegation to the ETUC Congress in Paris.

We have all lost an important champion of social dialogue and of workers' rights.

I am with you in this difficult and sad time. I join you in your grief, and I wish you strength in dealing with his tragic departure. He would have wanted you to do all you can to ensure a strong future for FZZ.

I ask you to pass my condolences also to his family.

Yours sincerely,

Luca Visentini  
General Secretary
