Dear Colleagues,

We are shocked by the information on tragic and pointless death of your president Tadeusz Chwałka. Unfortunately it shows the way, pace and intensity of our work in defending our members interests.

We know Tadeusz as a very committed and involved person full of strengths, energy and plans. He stays in our minds and hearts like that.

For your organisation as well as for the trade union movement this is an irretrievable loss.

I would like to express on behalf of Czech-Moravian Confederation of Trade Unions our deepest condolences and sympathy to the closest family of Tadeusz as well as to your Confederation.

We shall miss him.

In solidarity,

Josef Středula
ČMKOS President
